SN M608-02 was manufactured out of Canam so we have no record of making this, also has never been overhauled at Eugene... I will make a note on the return that there is a swivel coming in but we need to confirm the part# before receiving in Plex.

Thank you,
Jen

Hi Jen

Just as a side note, there will be a swivel coming back in this shipment as well. Unfortunately the photos of the tag are unreadable (see attached)

There is a S/N but I have not had a chance to have Ross look it up, and the customer planned to ship back today so I wanted to ensure there was an RA # on the box

If you require further information, please let me know and I will be happy to assist.

Kind Regards,
Caitlin

Hi Chantal,

I believe that line#4 (cancelled overhaul) should be dated 12/3/19 and not 10/3/19?

Thank you,
Jen

Hi Jen,

I just spoke to the customer and he said both swivels were shipped with the hooks in the same shipment... Can we take another look?

Hi Caitlin and Lacey,

RA800 has come in. Can you please flip order to open and use 8 week lead time? Please send order through to everyone once complete.

Also please be advised that we did not receive a swivel with this shipment? Only the 3 hooks were sent.

Thank you,
Jen
